Hi Steven.

I know that the file that you were working on with our family has been closed; however, as you were the person assigned during the "Best Buy" incident of 2017 as well as the development of my "Safety Plan", it is you who I listed as someone that I would subpoena to Court as a witness.

Currently, I am in the process of preparing for the upcoming trial where I intend to expose John Kiska for what he has done (and continues to do) to Sean and Cate and me for over six years.

In order to subpoena you to the trial, I must first retain a Will-Say statement from you and make it available to John's lawyer as well as the pre-trial judge. Attached you will find a list of 20 questions that I will be sending to four psychiatrists as endorsed by Justice Engelking on October 17, 2018. I have also attached part 1 of a 2-part list of documents that I refer to as "Overview". Kindly review both parts of the Overview as well as the 20 questions so that you are in a position to provide your Will-Say Statement.

In addition to the following questions, please include your name, position, role and contact information in your Will-Say Statement. The questions that I would like to pose to you are:

1. Have you reviewed documents A-Z that comprise the "Overview" provided by Deirdre Moore?
2. Have you reviewed the list of 20 questions that Deirdre is posing to some of the psychiatrists who have cared for her in the past?
3. Do you feel that it is possible that Deirdre has developed a history of mental illness because she is the victim of a narcissist?
4. Can you offer any explanation for why John Kiska has consistently failed to mention the level of marital conflict that has existed in the marriage when he was speaking with Deirdre's physicians?
5. Can you offer any explanation for why John Kiska has consistently provided false information to Deirdre's treating psychiatrists?
6. Do you believe that John Kiska's behaviour towards Deirdre over the past six years reflects one of a loving, caring husband? Please explain.
7. Under the circumstances, how do you feel Deirdre has coped with the experiences that she has been forced to endure over the past six years?
8. Do you agree with the recommendation of the Office of the Children's Lawyer that sole custody should be awarded to Deirdre? Please explain.
9. Do you believe that John Kiska should be entitled to shared access to the children Sean and Cate given his lack of support for their overall care? Please explain.

10. Do you have any suggestions on how Deirdre can protect Sean and Cate from the impact of an emotionally abusive father?

Steven, if there are other questions that you feel are important for me to ask while we are in Court, please do let me know and I will revise these questions accordingly.

Are you in a position to provide your Will-Say Statement to me by November 30th? Please do let me know at your earliest convenience.

Thank you for your help. (Overview - Part 2 of 2 will follow)
Deirdre Moore

ps. please let me know if you would like me to deliver to you a hard copy of the Overview and I will gladly provide one.

Dear Deirdre Ann Moore,

As per request, I am sending the following information to you by email.

I want to thank you for contacting the Department of Patient Advocacy at The Ottawa Hospital with your request.

Unfortunately, The Ottawa Hospital is not in a position to fulfil your request for the physicians or nurses to provide an affidavit about collateral sources of information. As discussed, I recommend you obtain legal advice. I was advised by the Clinical Team that any relevant information would be contained in a discharge summary from a psychiatrist.

If you do not currently have a copy of your medical records from The Ottawa Hospital, please contact the Health Records Department (613-798-5555) x 17412.

Sincerely,

Cathy Cassidy-Gifford

Hello again.

Heather, I am working on my Court materials that are due on Monday. With respect to receiving Expert Reports from TOH psychiatrists, do you think that they would be able to provide expert opinions on TOH process? If not they, then whom? Or, if there is no one at TOH who could be considered an expert on TOH Psych ER/Ward D6 process ... are you in a position to tell me whom I should call as a witness to speak to TOH process? Then, I would be able to send to them a request for a Will-Say statement.

Any help that you can provide is greatly appreciated.
Sincerely,

Deirdre Moore, CFA, BBA

Good morning Heather.

I thought that I should follow up as I have yet to receive anything from you regarding our conversations of December 19th. I believe that you mentioned that because the TOH psychiatrist were unable to provide Expert Reports or Will-Say statements that I should instead make a similar request to the Royal College of Physicians and Surgeons. Would you kindly send to me this e-mail as I intend to deliver my Court-ordered documents today.

Please call if you have any questions or concerns.

Subject: Expert Reports for Court

Dear Dr. Gillis,

I was hospitalized several times from 2013-2016 due to the verbal, emotional and psychological abuse of my ex-husband and I intend to subpoena several psychiatrists who work at The Ottawa Hospital so that they may testify on my behalf during the upcoming trial. In advance of hearing their testimonies, The Honourable Justice Engelking requested that I provide their Expert Reports to my ex-husband's lawyer by December 31, 2018.

On November 19, 2018, I hand-delivered my request to the reception areas for each of: Dr. Yolande Charbonneau, Dr. Peter Kay, Dr. Daniel Saul and Dr. Mercer. As of last Monday, however:

- my documents remained in the mail boxes of Drs. Charbonneau and Kay (so I retrieved them),
- I am not sure of the status regarding my request to Dr. Saul, and
- Dr. Mercer has stated that she would not provide an Expert Report; though, she is preparing a letter that outlines the reasons for her refusal.

Verbal, emotional and psychological abuse remains a form of domestic violence that devastates families. The issue remains so pervasive that The Honourable Jody Wilson-Raybould recently introduced legislation (see attached Government of Canada announcement) that marks the next step in transforming the criminal justice system.

Dr. Gillis, I have growing concerns that I will not be able to provide the Expert Reports that were requested by Justice Engelking in time to meet the Court's deadline. Is there anything that The Ottawa Hospital can do to help?

I am grateful for any assistance that you are in a position to provide.

Sincerely,

Deirdre Moore, CFA, BBA
